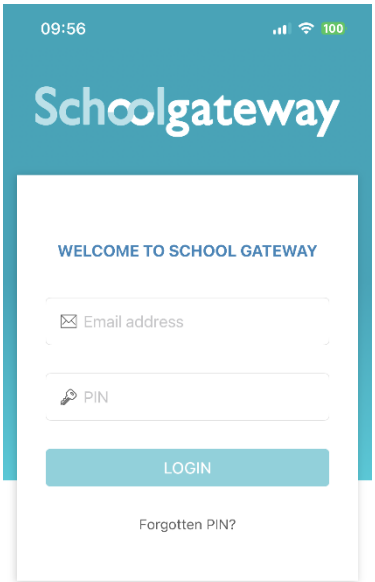
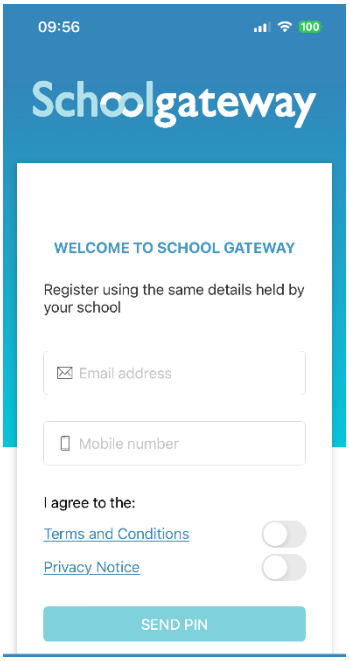
Register for School Gateway

Download the “School Gateway” app from either the App Store (for Apple devices) or Play Store (for Android devices).



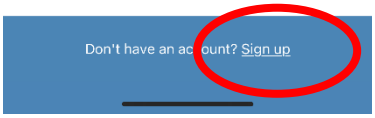


On your first logon you will need to “Sign up”.

If this does not automatically appear, click on the “Sign up” link at the bottom of the logon screen.

To register for an account, you **MUST** enter the Email address and Mobile number for your child that you gave as school contact details.

If these don’t match, you will not be able to sign in.



You will receive a PIN via text message if these details match. This will allow you to sign in to the app to see your child’s account.
